03. PROJECTS & WORK EXPERIENCE

Founder & Lead Designer — Infrictus

Venture & Brand Building

Established a design venture from the ground up to deliver business-focused, strategic visual solutions.

- Brand Identity & Strategy:** Architecting end-to-end visual identities, brand collateral, and strategic marketing materials for clients.
- Business-Driven Aesthetics:** Aligning creative execution with core business objectives to drive measurable market performance and brand authority.

Branding & Content Lead — Flying Dutchman Cafe

Media & Promotional Campaign

Executed a comprehensive digital design and multimedia content strategy focused on brand positioning and customer acquisition.

- High-Impact Assets:** Designed promotional graphics, menu concepts, and social media creative sets tailored to the venue's unique aesthetic.
- Multimedia Storytelling:** Produced engaging short-form video and promotional imagery, significantly boosting brand engagement.

Product & Brand Identity Specialist — Portfolio Projects

E-Commerce & Marketing Concepts

Conceptualized and executed visual positioning, marketing frameworks, and digital storefront assets for premium products.

- Strategy & Execution:** Developed market-ready campaign concepts for high-value goods including luxury wallets, premium luggage, and smart wearables.
- Visual Merchandising:** Focused on consumer psychology, visual hierarchy, and strategic layout design to maximize conversion rates.
