ABOUT ME

Dedicated entrepreneur, graphic designer, and Class 11 student with a strong focus on the intersection of creative visual identity and business strategy. Driven by the philosophy that design is not just about making things look pretty, but about solving real business problems. Founded **Infrictus** to combine technical design skills with market dynamics, building brands that don't just exist, but thrive.

SKILLSET	MINDSET	INTERESTS
- Graphic Design - Business Strategy - Visual Branding - Media & Video Creation	- Data-Driven - Introverted & Focused - Problem Solver - Passionate & Growth-Oriented	- Startups & Ventures - Trading & Markets - Badminton - Brand Strategy

PROJECTS & EXPERIENCE

Founder & Lead Designer — Infrictus	Venture & Brand Building
Developing a brand & design venture from the ground up to deliver business-focused visual solutions.	
- Creating visual identities, brand strategy, and strategic marketing materials for clients. - Bridging creative design with business strategy to drive real market performance.	
Flying Dutchman Cafe — Branding & Content Project	Media & Promotional Campaign
End-to-end design and video/image content creation tailored for cafe promotion and customer engagement.	
- Designed high-impact promotional graphics and social media creative assets. - Produced engaging video and imagery aligning with the cafe's unique visual aesthetics.	
Product & Brand Portfolio Projects	E-Commerce & Marketing
Conceptualized and executed marketing, design, sales, and influence strategies for OTG brand products (e.g., luxury wallets, premium luggage, smart wearables).	

EDUCATION

Sunbeam School, Bhagwanpur	Varanasi, UP
Secondary School Certification (Class 10 completed) Currently in Class 11	
Focused on bridging the gap between business and creativity alongside core academic curriculum:	
Business & Trading: Analyzing market movements and fundamental principles of trade. Graphic Design: Advanced principles of visual storytelling, typography, and layout design.
